EDUCATE, COMMUNICATE & ADVOCATE

As the largest and most active chapter of the National Association of Benefits & Insurance Professionals in the nation, the Pennsylvania NABIP represents our industry and the collective voice of nearly 700 members across Pennsylvania. Throughout the year, PA-NABIP strives to be the leading resource for benefit professionals for education, networking, events, regulatory awareness, and legislative advocacy. Our annual golf outing is an opportunity for our members and our corporate sponsors to connect in a premier setting and take sight of the future ahead for our industry.

PA-NABIP.ORG

FORMAT

Today's PA-NABIP golf outing format will be a **Four Person SHAMBLE**. Each player will hit a tee shot and the team will choose the best shot. From there each player will finish the hole playing their own ball and post an individual score for the hole. The two best individual scores per hole will be added together and this will be the team score for the hole. Each team must use at least three tee shots from each player. The team with the lowest score will be awarded first place. In the event of any ties, the professional golf staff will determine the process for declaring the winning order.

LIVE SCORING

We are thrilled to offer Live Scoring for our outing: Please be sure to download the "Golf Genius" app prior to your arrival at the club. On the "Golf Genius" app, one player from each foursome will sign in with team's "GGID" located on your respective scorecards and enter individual player scores to view the current leaderboard.
